It contains 28 pages of information on how to thread, maintain, and operate the machine. This is a PDF Manual, nothing will be shipped. We will email you a link to download the manual after the payment is verified. Please make sure your email address is correct when ordering. The picture may let you know if it would work. Good luck Login to post ONLY move the screw head about quarter turn each time, mark where on the clock you have moved it to Put back in machine and sew, check stitches Take out again and follow above instructions do again. Most times it only takes a couple of tries to get it right.. The stitches should be even on the top and on the bottom. Sometimes if you are using a thicker thread in the bobbin it can be tricky These instructions are the same for what ever machine you are using. Sometimes in your instruction book there are how tos on setting the bobbin tension. I hope that this can help you DotThe picture may let you know if it would work. Good luckHad the machine since1960 Is this an antique Thank you, Evelyn It was my grandmothers. Im looking for a copy of the owners manual. It is model 1243. It comes with a red case copy of the instruction manual new screwdrivers, lint brush, bobbins, needles. The cord is nice and pliable. It has the foot control. This model is desired for its ease of use and reliability. It sews straight stitch and zigzag. It has a push button reverse.

It has a removable flat bed that turns it into a free arm for tight spaces. It was clean when I purchased it. I oiled it and tested the stitches. It sews well and the motor is strong. Very easy to operate. Payment by PayPal is due same day as purchase. If purchasing more than one item you may wait to check out until you have completed your purchases. I ship Monday through Friday and normally the day after your payment clears. We recommend updating your software to a newer version or download an alternative browser download here the latest version of Firefox. If you are running a Windows Operating System on a low performance computer we recommend installing Midori. Manual is available for immediate download in Acrobat PDF format. We're happy to help.

Try our troubleshooting guides and machine manuals below, which offer solutions to the most common issues. If you're still stuck, view our extensive list of FAQs at the Brother Solutions Centre. Our support app is only a click away, so download today. If it has, raise the feed to ensure the fabric will move forward. Computerised machines will remind you to do this. This will switch the machine back to Rethread the machine following the threading instructions in your machine's instruction manual. You will also find instructions for your machine online via the Brother solutions centre Note We find that Butterfly and Singer Branded needles are often not compatible with Brother sewing machines and may cause issues with your machine not picking up lower thread. We would recommend using either Organ or Schmetz branded needles. Rethread the machine following the instructions in your manual and ensure that the foot is raised. If there is tension when pulling the thread, then the thread may be unsuitable for machine sewing and should be replaced with machine sewing thread from a reputable brand. It's possible there be a timing issue with your machine. Contact your Brother dealer to arrange a service or contact our customer service team. Make sure the presser foot is lifted before threading the machine. Set your bobbin correctly into the machine. For top loading bobbins, the thread needs to be going around the bobbin in an anticlockwise direction. Use the guides on your machine or refer to your instruction manual. If you have a mechanical machine, check that the foot is lowered before sewing. Computerised machines will remind you to do this. Using thread that does not pull through smoothly can cause thread breakages, poor stitching or damage to your machine. For best results, you should use a good quality, branded thread. The thread should pull through the machine with no tightness. Please choose a different delivery location.

Our payment security system encrypts your information during transmission. We don't share your credit card details with thirdparty sellers, and we don't sell your information to others. Please try again. Please try again. This is NOT an original as originals are out of print, but we use the best scans available.
